

GOLF BUDDY WORLD PLATINUM

(Also applies to the Golf Buddy PT4)

Attached below is a picture of the back of a Golf Buddy World Platinum showing where to place the belt clip hook -- centered just below the closure of the battery compartment (on the white circle) just below the battery compartment. Be careful not to cover part of the battery compartment or you won't be able to open it. The Golf Buddy PT4 is very similar to the Golf Buddy World Platinum so these instructions also apply.

We're shipping three belt clip hooks with the 3M adhesive disks already attached (two spares just in case you ever need them), two alcohol pads (to remove any dirt, oils, etc so the 3M adhesive sticks the best) for cleaning the back of your Golf Buddy. Place the belt clip hook centered just below the battery cover as shown in the picture for the optimum center of gravity. **CAUTION:** The belt clip tab/3M adhesive disk assembly will want to stick immediately to whatever it touches so use care when placing it on the spot and try not to touch the adhesive with your fingers. **If you have followed these instructions "to the letter", it is very near impossible to remove with your hands (you may draw blood) and it certainly cannot loosen up when in routine everyday use on the golf cart with the Quick Clip. Apply some pressure** on the belt clip hook for about 30 seconds.

Allow it to "set" for 48 to 72 before using your Golf Buddy on the Quick Clip. That will also enhance the adhesive properties of the 3M adhesive disk. If you ever need to remove the belt clip tab, simply warm the adhesive with a hair dryer. The adhesive will soften and you can peel off the belt clip tab, though it still won't be easy. Don't try to re-use that 3M adhesive that you peeled off as it loses some of its adhesiveness. Remove it and use a fresh adhesive disk. You can re-use the belt clip tab. Remove any remaining adhesive and clean it with an alcohol pad or a clean cloth with a dab of isopropyl alcohol. Carefully (see **CAUTION** above) place the fresh 3M adhesive disk on the belt clip tab.

Please don't hesitate to e-mail or call if you have any questions or concerns. Remember too, if you are not completely happy with the way you Golf Buddy works with the Quick Clip, just return your Quick Clip to me and I'll refund your \$\$ in full.
