

INSTRUCTIONS FOR THESE SKYCADDIE GPS MODELS:

GIMME SG2 SG2.5 SG2.5 LITE SG3 SG4 SG5 SGX SGX-W

All of the above Skycaddie GPS units above are “no-brainers” for use with the Quick Clip. All of them come with a belt clip tab on the back that is either clipped on, screwed on or is a “holster” that clips on the back (the SGX and SGX-W have the holster).

Simply slide your Skycaddie belt clip tab into the keyhole slot of the Quick Clip.

If you have any doubts at all about the strength, flexibility and holding power of the 3M VHB adhesive, please click on the link below. If you have any trouble opening it, simply right-click directly on the link then click on “Open Hyperlink”. Or you can also copy the link and paste it into your web browser address line:
